

## Pillow Testimonies

I have just purchased 2 Complete Sleeprrr Memory foam pillows. One for my husband and one for myself. After an injury on my lower back in 1982 I have a bit of trouble with my back and never thought that a pillow would make a lot of difference. But in the last year I just haven't been able to have a great night's sleep so I went looking for the perfect pillow. Well now I have found it and we are both having a great sleep in lots of comfort. I just love how it moulds to how I want it and I love waking up with no body pain.

Thank you so much for your care and wonderful advice in enabling me to now have a perfect nights sleep. My husband loves his too! Now I plan on buying one each for my daughters - aged 18 and 21.

This is the first time I have actually ever been inspired to write a testimonial.

When I bought my Complete Sleeprrr Memory Foam Pillow I was at my wits end with tossing around at night, trying to stop the aching in my neck. This was a new problem I had developed over the past 6 months and I wondered if it was just another sign of getting older and I would just have to learn to live with it.

Anyway, after the first night on my new pillow I was thrilled to say the least. My neck was NOT stiff and sore and I had actually slept through the night! The relief was fantastic and now for the first time in my life (I am 47 years old) I am one of those "strange" people who takes their own pillow away whenever I have to sleep away from home, I just couldn't stand to go back to that discomfort again.

I am writing to thank you for the Body Huggar Overlay and Complete Sleeprrr Memory Foam Pillow.

Having been diagnosed with a degenerative spinal condition and not being able to take any of the usual medications that do relieve the pain, my quality of life and mobility was rapidly becoming unbearable at times, especially when getting out of bed and most nights I continually woke with pain.

I can't find enough words to express the difference and help the Body Hugger overlay has made. The first night on it enabled me to have hours of pain free sleep.

The Overlay has had the most amazing impact on helping me control this condition without the use of the medication that was making me very ill.

It is the most wonderful thing you can sleep on and now I would not be able to spend 1 night without it or the Complete Sleeprrr pillow. I never wake up any more with a stiff neck. These 2 products are my 2 treasured possessions for without them I would suffer a day of constant pain. They have made my life so much better and I can't thank you enough for your kindness and I think everyone should invest in these products.

I just bought a Dove Pillow and a Traditional Foam Complete Sleeper Pillow.

It is wonderful that they are so adjustable. I have been "playing" with various heights and levels of support - which has made them usable to my sensitive neck/back. Most pillows are too high or provide too much resistance so removing one layer of foam and some of the fluffy stuff from the Dove and removing the inserts and "noodles" from the Complete Sleeper has been a great idea! Custom made to me!

I just love them - especially the Dove - what a clever and unique design. I have been on a quest for the perfect pillow for a long time and have upwards of 15 in my cupboard from here and overseas that have not helped!

Thank-you so much for your wonderful pillow (the CompleteSleeperrr) that I have been using for a few years now. Prior to having this pillow I was plagued with a sore neck every morning after a nights sleep and the pain continued intermittently through-out the day, this had been occurring for quite a few years previously and I was unable to get relief. From the first night of sleeping on your pillow I have not suffered from a sore neck, I remember thinking how fantastic this was from that first night.

As I have enjoyed the CompleteSleeprrr so much I would now like to purchase some for my husband and two young boys, as they too, having tried my pillow, love how comfortable it is and did not want to return it to me.

I also want to say how fantastic your "Maria's Adjustable Pregnancy Support Pillow" was when I was pregnant with both my boys, it truly made sleeping greatly so much more comfortable in those last 4 months, another great product.

Thanks again for a great product.

Yours in happy sleeping,

Sharon
