

## Complete Sleeprrr - Memory Original

Adjustable for personal comfort This is the perfect Sleeprrr for Migraine & Headache sufferers

One size suits all! Luxurious pillow which features removable foam inserts, giving you as many as 12 simple adjustment options so you can create the pillow to suit your comfort needs.

This luxurious Memory &trade; ORIGINAL version is in super-soft visco elastic ("feeling is believing") ... a new-age temperature-sensitive foam that responds to your body's warmth and moulds and shapes to your head and neck, encouraging the natural alignment of your spine by providing even support and optimum comfort.

CompleteSleeprrr Memory &trade; ORIGINAL is designed for those seeking a super-soft pillow and also for those requiring a lower pillow. It comes in a 'breathing' open weave cover.

RRP: \$79.00

Therapeutically designed

Two easily removable/re-workable inserts allow you to change the shape and height to suit your comfort and postural needs.

Pillows made-to-measure

Takes the risk out of your pillow being too high, too low, too hard or too soft. It's all so simple. One size suits all!

Complete Sleeprrr Memory &trade; Foam Original one of 3 versions of CompleteSleeprrr. These therapeutic pillows may be your answer to sleepless nights and intolerable discomfort.

## Benefits

-

Features 'higher' and 'lower' sides as well as contour variance for maximum individual support and comfort for side or back sleeping.

-

the pillow's clever design encourages side sleeping which is beneficial in enhancing breathing (and which may also be helpful in minimizing light snoring).

-

Scalloped under-edges allow shoulder (when side sleeping) to slip snugly under pillow for close-knit fit

-

Head and neck are cushioned and supported during sleep.

-

Designed to help alleviate and avoid neck and shoulder stress and muscle stiffness in both 'new' and 'old' injuries

-

Foam 'noodles' in corefoam surface can be removed to make for an even softer surface.

-

May assist asthma sufferers and others who require clear breathing patterns.

Pillow's contour may help minimise light snoring by enhancing the airway through encouraging better spinal alignment

-

Channels in the corefoam surface, combined with the open-weave inner cover, allow air to circulate, for cooler, healthier sleep

CompleteSleeprrr with both inserts in, ideal for average and above-average frame persons  
The 2 removable inserts allow you to change the shape and height to suit your personal comfort needs. It's your choice.  
For those with longer necks, simply leave in one insert under the neck, on either side, and remove the other

For those with smaller physiques, use without an insert under the neck for the comfort and support mix that's right for you.  
With both inserts out it's now ideal for back sleepers, smaller-framed adults, and children

Memory &trade; Foam ... "feeling is believing"

Created for the North American space programme, Memory Foam is temperature-sensitive and responds to your body's warmth and moulds and shapes to your neck and head for optimum comfort and support.

CompleteSleeprrr Memory&trade; foam Original version:

The super-soft Original version - for those preferring a softer / lower pillow.

Also available a heavier density Memory&trade; foam Plus version - for average and above average physiques & for those needing a 'full bodied' pillow for firmer support.

... And you select the softness

You can also change the surface density of Complete Sleeprrr to suit your own comfort needs. For an even softer feel simply take out the foam 'noodles' that are positioned within the channels in the pillow's surface.

If you do remove some or all of them to enhance the initial softness, then store them for possible later use after natural softening of the pillow has occurred. Each channel can take up to three 'noodles' together, so re-plump support where it's needed most - under your neck!

## International Distribution

MigraineCentre.com delivers internationally to you anywhere in the world, but please allow between 14- 21 days for delivery, although normally you will not need to wait that long.

## Size

## Contents and Care

### Contents

Foam Inner: All new urethane foam especially treated to inhibit allergens.

Cover: Open weave soft polyester. Removable. Place your own pillowcase over this cover.

### Care

Inner: Air pillow regularly. Dab clean, mild detergent, warm water. Do not machine wash. Do not tumble dry.

It is not recommended to fully immerse in water. If absolutely necessary to wash your CompleteSleeprr then do so in the bath. Do not lift the pillow out of the bath immediately. Remove the plug and allow water to drain from the bath and the pillow. Then gently hand squeeze. Dry flat away from direct sunlight. Due to density of the cellular construction, your pillow may take some days to completely dry.

Cover: Normal wash and dry. (To avoid damage to the foam from constant removal of cover, leave cover permanently on the pillow once you have configured it to suit your comfort needs).

### Foam Discoloration

Any discoloration of foam through exposure to natural light will not affect performance or foam longevity.
